To Whom It May Concern:

I recently had the pleasure of presenting AudioBody to a sold out crowd here at Celebration Barn Theater.

Blending innovative technique and refined skill with high-energy antics, AudioBody is both cutting edge and super-charged. The brothers are so playful and engaging, they charm and wow audiences of all ages.

Matt and Jason are also exceptionally professional. When they arrived to setup for the show, we were ready for any type of technical support they might need, however, they didn't need anything. Even during the show they were almost completely self sufficient, and needed hardly any additional technical support. They were extremely easy to work with and were a joy to have at our theater.

I highly recommend Matt and Jason to any theater looking to present an innovative show that captivates and delights family audiences.

Sincerely,

Amanda Huotari
